Preface: Rejuvenation of the Facial Upper Third	xi
Faisal A. Quereshy	
Analysis and Diagnosis of Upper Facial Region	87
Hardeep Dhaliwal	
Introduction	87
Patient evaluation	87
Photo documentation	87
Anatomic analysis	87
Esthetic analysis by region	88
Summary	93
Botulinum Toxin Use in the Upper Face	95
Clement Qaqish	
Introduction	95
Preoperative planning and pretreatment assessment	95
Procedural technique	98
Complications	100
After procedure care	101
Outcomes	101
Summary	102
Injectable Fillers in the Upper Face	105
Jacob Haiavy and Husam Elias	
 Video content accompanies this article at http://www.oralmaxsurgeryatlas.theclinics.com .	
Introduction	105
Surgical technique	105
Glabellar folds	106
Forehead lines	106
Lateral canthal lines: (crow's feet)	106
Periorbital, tear trough, nasojugal groove	107
Temporal wasting hollowing	107
Surgical technique of fat transfer	107
Preoperative planning	107
Preparation and patient positioning	107
Surgical approach	108
Surgical procedure	108
Immediate postoperative care	110
Potential complications	110
Rehabilitation and recovery	112
Clinical results in the literature	113
Hyaluronic acid soft tissue fillers	114
Sculptra-Poly-L-Lactic acid	115
Autologous fat transfer	115
Summary	115

Contents

Skin Resurfacing Procedures of the Upper Face	117
Douglas L. Johnson and Frank Paletta	
 Video content accompanies this article at http://www.oralmaxsurgeryatlas.theclinics.com .	
Introduction	117
Surgical technique	119
Rehabilitation and recovery	120
Summary	122
Upper Eyelid Blepharoplasty	125
Michael J. Will	
Introduction	125
Anatomy of the periorbital region	125
Eyelid esthetics	127
Age-related changes of the periorbital region	127
Preoperative assessment	129
Selection of surgical procedure	129
Surgical planning and skin markings	129
Anesthesia considerations	129
Upper blepharoplasty procedure	130
Ancillary periorbital procedures	130
Postoperative care	131
Complications	131
Periorbital rejuvenation pearls	133
Lower Transcutaneous Blepharoplasty	135
Christopher Blake Smith and Peter Daniel Waite	
Introduction	135
Preoperative planning	135
Preparation and patient markings	136
Patient positioning and surgical technique	137
Transconjunctival approach	137
Skin pinch technique	138
Skin-muscle flap approach	139
Incision and flap elevation	139
Orbital fat management	139
Orbicularis oculi muscle	141
Lower lid support	141
Skin excision	141
Complications	142
Bleeding	142
Lower eyelid malposition	143
Chemosis	144
Dry eyes	144
Postoperative care	144
Follow-up care	144
Summary	144

Transconjunctival Lower Blepharoplasty	147
Sean Pack, Faisal A. Quereshy, Mehmet Ali Altay, and Dale A. Baur	
Introduction	147
Anatomy	147
Pathophysiology of aging	148
Indications	149
Advantages and disadvantages	150
Technique	150
Complications	151
Discussion	151
Management of Lower Eyelid Laxity	153
Gary Linkov and Allan E. Wulc	
Introduction	153
Lateral canthal anatomy	153
Pathogenesis of eyelid laxity	154
Assessment	154
Procedures	156
Complications	158
Summary	159
Open Brow Lift Surgery for Facial Rejuvenation	161
Tirbod Fattahi	
Introduction	161
Patient selection	161
Surgical technique	162
Postoperative care	163
Summary	164
The Endoscopic Brow Lift	165
Jon D. Perenack	
Brow lift general considerations	165
Indications	165
Contraindications	165
Relative contraindications	165
Evaluation and diagnosis	165
Brow ptosis	165
Cosmetic botulinum toxin therapy	166
Skin	166
Clinical technique	166
Complications and controversies	172
Other considerations	173

Management of Complications Associated with Upper Facial Rejuvenation	175
Angelo Cuzalina and Manik Bedi	
Introduction	175
Preoperative evaluation	175
Complications in browlift	176
Brow malposition	176
Nerve damage	177
Scars	178
Alopecia	178
Bleeding	179
Summary	179
