<b>Preface: Sleep Surgery: From Reconstruction to Restoration and Re-education</b>	<b>xi</b>
Stanley Yung-Chuan Liu	
<b>Sleep Surgery in the Era of Precision Medicine</b>	<b>1</b>
Stanley Yung-Chuan Liu, Robert Wayne Riley, Anthony Pogrel, and Christian Guilleminault	
How to approach a patient seeking surgery for obstructive sleep apnea?	1
Why do we need an updated algorithm?	1
What is <i>precise</i> about the updated algorithm?	2
How to optimize PAP or oral appliance therapy?	3
How to address the soft palate and tongue?	3
When is skeletal surgery considered?	4
What is the new definition of success?	4
<b>Drug-Induced Sleep Endoscopy</b>	<b>7</b>
Michael Awad, Tyler S. Okland, and Vladimir Nekhendzy	
 Video content accompanies this article at <a href="http://www.oralmxsurgeryatlas.theclinics.com">http://www.oralmxsurgeryatlas.theclinics.com</a> .	
Introduction: nature of the problem	7
Surgical technique	7
Preoperative Planning	7
Preparation and patient positioning	7
Anesthetic approach/sedation agent	8
Surgical procedure	8
Potential complications	8
Immediate postoperative care	9
Pearls and pitfalls	9
Clinical results in the literature	9
Summary	9
<b>Nasal Surgery for Sleep-Disordered Breathing</b>	<b>11</b>
Jayini S. Thakker, Christopher Vuong, Katina Nguyen, and Jared C. Inman	
Introduction	11
Identifying the site of nasal obstruction	11
Surgical technique	11
Anesthesia and analgesia	11
Incision	12
Elevating the mucoperichondrial flap	12
Removing the obstruction	13
Closure	14
Endoscopic approach	14
Inferior turbinate reduction	14
Complications	15
Early complications	15
Late complications	15
Other complications	15

## Contents

Discussion	15
Summary	16
<b>Tonsillectomy and Pharyngoplasty: Tissue-Preserving Techniques</b>	<b>17</b>
Michael Awad, Christopher Gouveia, Robson Capasso, and Stanley Yung-Chuan Liu	
Introduction	17
Surgical technique: preoperative planning	17
Surgical approaches	17
Surgical technique	18
Potential complications	21
Postoperative care/rehabilitation and recovery	21
Clinical results	21
Summary	21
<b>Genioglossus and Genioplasty Advancement</b>	<b>23</b>
Allen Cheng	
Introduction	23
Preoperative planning	23
Indications	23
Computer surgical planning	24
Surgical approach	24
Surgical procedure	25
Genioglossus advancement/anterior mandibular osteotomy	25
Genioglossus advancement with genioplasty	26
Closure	26
Potential complications	26
Pearls and pitfalls	27
Immediate postoperative care	27
Rehabilitation and recovery	28
Summary	28
<b>Maxillomandibular Advancement: Contemporary Approach at Stanford</b>	<b>29</b>
Stanley Yung-Chuan Liu, Michael Awad, and Robert Wayne Riley	
 Video content accompanies this article at <a href="http://www.oralmaxsurgeryatlas.theclinics.com">http://www.oralmaxsurgeryatlas.theclinics.com</a> .	
Introduction: nature of the problem	29
Surgical technique	30
Preoperative planning	30
Preparation and patient positioning	30
Anesthetic approach/sedation agent	31
Surgical procedure	31
Surgical steps	32
Potential complications	34
Intraoperative	34
Early postoperative	35
Late postoperative	35
Clinical results in the literature	35
Summary	35

<b>Maxillomandibular Advancement: The Canadian Experience</b>	<b>37</b>
Mélinda Paris, Simon Jean, and Carl Bouchard	
Introduction	37
The Canadian health care system	37
The CHU de Québec-Université Laval-Hôpital de l'Enfant-Jésus experience and surgical technique	38
Preoperative planning	38
Patient preparation	39
Surgical technique and approaches	39
Immediate postoperative care	40
Potential complications	41
Results	41
<b>Bilateral Temporomandibular Joint Reconstruction and Maxillomandibular Advancement for Concomitant Temporomandibular Joint Degeneration and Obstructive Sleep Apnea</b>	<b>43</b>
Rishi Jay Gupta, Rebeka Silva, and Stephen T. Connelly	
Introduction	43
Surgical technique	44
Diagnostic workup	44
Preoperative planning	44
Preparation and patient positioning	44
Surgical procedure	46
Potential complications	48
Pearls and pitfalls	49
Immediate postoperative care	50
Rehabilitation and recovery	50
Clinical results in the literature	51
Summary	51
<b>Upper Airway (Hypoglossal Nerve) Stimulation for Treatment of Obstructive Sleep Apnea</b>	<b>53</b>
Rishi Jay Gupta, Deepak Kademani, and Stanley Yung-Chuan Liu	
Introduction	53
Surgical technique	54
Diagnostic work-up	54
Preparation and patient positioning	54
Surgical procedure	54
Potential complications	56
Surgical procedure	56
Device related	56
Pearls and pitfalls	56
Immediate postoperative care	57
Rehabilitation and recovery	57
Clinical results in the literature	57
Summary	57
<b>Transoral Robotic Surgery for the Tongue Base</b>	<b>59</b>
Ghali E. Ghali and Andrew T. Meram	
Introduction	59
Indications	59

Contraindications	60
Relevant anatomy	60
Surgical technique	60
Patient preparation and positioning	60
Surgical procedure	61
Potential complications	62
Pearls and pitfalls	64
Immediate postoperative care	64
Rehabilitation and recovery	65
Clinical results in the literature	65
Summary	65
<b>Pediatric Sleep Surgery: Skeletal Procedures</b>	<b>67</b>
Cory M. Resnick	
 Video content accompanies this article at <a href="http://www.oralmaxsurgeryatlas.theclinics.com">http://www.oralmaxsurgeryatlas.theclinics.com</a> .	
Introduction	67
Robin sequence	67
Syndromic craniosynostosis	71
Summary	75
<b>Pediatric Tongue Base Surgery</b>	<b>77</b>
Gi Soo Lee and Umakanth Katwa	
Introduction: nature of the problem	77
Diagnostic modalities	77
Polysomnography (sleep study)	77
Imaging studies	77
Airway upper airway endoscopy	78
Surgical technique	78
Preoperative planning	78
Preparation and patient positioning	78
Surgical approach	79
Surgical procedure	79
Potential complications	79
Pearls and pitfalls	80
Immediate postoperative care	80
Rehabilitation and recovery	80
Clinical results in the literature	80
Summary	80
